ERCUSYN Newsletter

August 2019

The ERCUSYN (European Register on Cushing’s Syndrome) project, is aimed at registering clinical data on patients with Cushing’s syndrome throughout Europe, with the following objectives:

1) to set up a European Register on the diagnosis, management, quality of life and outcomes of patients affected by Cushing’s syndrome across European countries;
2) to define relevant health indicators and information to develop epidemiological data at EU level;
3) to collect data on the impact of Cushing’s syndrome on Health-related Quality of Life;
4) to define the optimal diagnosis strategy and the short and long term therapeutic goals;
5) to increase awareness about the disease by disseminating what has been learnt from the project;
6) to evaluate the persistent consequences of having suffered Cushing’s syndrome.

ERCUSYN DATA

- New article: An article on mortality in Cushing’s syndrome has been prepared and is currently under review in the European Journal of Endocrinology.

Call for Scientific Ideas

All ERCUSYN partners are encouraged to send their scientific ideas on possible data analysis. Proposals will be evaluated by the scientific steering committee. The new deadline for receiving proposals is December 2019 (contact asantos@ercusyn.eu for proposals and more information).

By August 2019, 1864 patients have been included, with partners from 64 centers in 29 countries (database developed by Lohmann & Birkner Health Care Consulting GmbH –L&B). See link to map with details of all centers: http://www.lohmann-birkner.de/ercusyn/wEnglish/gmap/index.php

Invitation to join the project:
The ERCUSYN project welcomes European centers of excellence who work with CS to join and contribute to the project, if they are prepared to include patients and update their outcome periodically. If interested please contact asantos@ercusyn.eu
